

# FRESHER FRONTEND DEVELOPER

## Contact Information

- **Name:** Olivia Tran
- **Email:** olivia.tran.dev@gmail.com
- **Phone:** (408) 765-4321
- **Location:** San Jose, CA 95112

## Profile

A motivated and detail-oriented fresher frontend developer eager to craft engaging and intuitive web interfaces. Proficient in modern web development practices and responsive design principles, I strive to create accessible and visually captivating user experiences through well-structured code.

## Experiences

### Frontend Development Trainee

- **Company:** Innovative Web Solutions
- **Duration:** April 2024 – August 2024
- **Description:**
  - Built and styled dynamic user interfaces using HTML5, CSS3, and JavaScript.
  - Worked closely with UI/UX teams to implement pixel-perfect designs and functional components.
  - Enhanced website performance by optimizing assets and refining JavaScript functions.

### Web Design Assistant

- **Company:** Visionary Design Studio
- **Duration:** June 2023 – September 2023
- **Description:**
  - Assisted in designing website templates and themes utilizing frameworks such as Foundation and Tailwind CSS.
  - Conducted usability testing to improve user interface consistency and accessibility.
  - Provided maintenance updates and integrated client-specific features as per requirements.

## Education

### Bachelor of Science in Web Development

- **Institution:** Stanford University
- **Duration:** October 2018 – June 2022

## **Skills**

- Advanced proficiency in HTML, CSS, JavaScript, and React.js.
- Hands-on experience with CSS frameworks like LESS and SCSS.
- Foundational understanding of state management libraries, including Zustand.
- Competent in utilizing Git for version control and working with DevOps tools.
- Expertise in implementing responsive layouts and adhering to WCAG compliance.
